## **Grillo Zinkoxid GmbH and Micronisers Australasia Pty Ltd strengthen strategic partnership**

**Goslar, December 1, 2019 – Grillo Zinkoxid GmbH and Micronisers Australasia Pty Ltd announced a strategic partnership effective December 1, 2019. Grillo Zinkoxid GmbH and Micronisers Australasia Pty Ltd have further strengthened their existing collaboration in order to address and increase the global supply of premium quality microfine Zinc Oxide – Grillo UV Protec. This strategic partnership will enable the companies to jointly market a superior microfine Zinc Oxide into the sunscreen and cosmetic sectors.**

Grillo Zinkoxid GmbH is GMP certified and FDA approved for the production and sales of various pharmaceutical and cosmetic grade zinc oxide products.

Micronisers Australasia Pty Ltd has a long and successful history in producing microfine zinc oxide, using Grillo's pharmaceutical zinc oxide API as its base material.

Grillo Zinkoxid GmbH and Micronisers Australasia Pty Ltd see this strategic partnership as a significant step to ensure increased global supply of high performance GRAS Zinc Oxide UV Absorber for their customers in the rapidly growing sunscreen and cosmetic markets.

### **About Grillo Zinkoxid GmbH**

Grillo Zinkoxid GmbH has been manufacturing in Goslar, Germany with over 100 years of experience and is now a highly innovative and customer-orientated producer of pharmaceutical zinc oxide for use in a range of market segments.

### **About Micronisers Australasia Pty. Ltd.**

Micronisers Australia Pty Ltd is a subsidiary of Micronisers Pty Ltd and manufacturers microfine Zinc Oxide powders. Under licence from Buhler AG Switzerland, Micronisers Australasia Pty Ltd, also produce Oxylink™ Zinc Oxide Dispersions from these powders. Micronisers Australasia Pty Ltd have conducted extensive research to develop a unique and scalable manufacturing process, improved product performance and established product safety with their microfine Zinc Oxide, based on Grillo pharmaceutical zinc oxide API for use by the personal care industry.
