

ZINC POWDER

OUR GMP CERTIFIED
GRILLOSENSE

The experts for zinc oxide

Our high-quality zinc oxide for the cosmetic industry is an inorganic substance with drying, astringent, skin protecting, wound-healing and slightly antiseptic properties. It is often used in ointments, mixtures and wound healing products and can also be combined with other active ingredients in a fixed manner.

- Covered by official GMP certificate
- Ultra High Purity with 7 ppm Pb max
- COSMOS 4.0, Kosher, Halal & Natrue certified
- Made in Germany for over 100 Years

Application examples:

Babycream

Zinc ointment

Wound cream
